

Triple Duty Valve | PN16 /200 WOG

Fig.1118-Flanged ends.
Fig.1918-Grooved ends.

Materials

Part	Material / ASTM Spec.
Body	DI, ASTM A536 Gr. 65-45-12
Cover	DI, ASTM A536 Gr. 65-45-12
Disc	Stainless Steel, SS304
Gasket	EPDM
Disc Seat	EPDM
Spring	Stainless Steel, SS304
Handwheel	CI, ASTM A126 Class B
Indicator	Aluminium
Indicator Plate	Aluminium

Note:

1. Flange drilled to BS4505 PN16. Other flange types available.
2. Grooved End according to AWWA C606.
3. Working pressure: 16 bar or 200WOG.
4. External and internal parts Epoxy Powder coated.
5. Design & Material are subject to change without notice.
